VAPS 2020 - Presidents Message

Dear Photographic friends,
It is with a little sadness that I cannot welcome you to our planned convention in Wangaratta.

This is my fifth year as President of VAPS, and I am so proud of our committee and its willingness to organise for you an informative and most interesting programme, that all our delegates would have thoroughly enjoy to the utmost.

VAPS has made a name for having the best attended and most highly organised conventions in the past, so much so, that professional photographers mention us in high regard and are delighted to be invited as presenters.

For all of us 2020 will be remembered as very very surreal and how serious the health of all citizens became a priority. It is important that we will also remember the positive things that we did and activities we still could engage in.

So, as photographers keenly interested in not only our own club or society, but what others photograph and enter in all the other clubs, the VAPS committee has organized this special Digital and Audio-Visual only Image interclub competition.

I thank all who have participated and I thank those on the committee who have devoted time to running it.

Be assured that VAPS will continue as normal in 2021 and beyond. Our conventions will go ahead, and Wangaratta is just being moved to next year.

My very best to all members in every Victorian club and society.

Keep safe and well throughout 2020 and we will welcome you all at our next convention.

Congratulations to all the AV makers and especially to those who's AV entries received awards this year.

This is the second year that remote AV judging has been successfully carried out in multiple country and interstate locations by very experienced Judges.

The three AV judges each have a maximum of 40 points for each Audio Visual entry, made up of Production - 20 points; Images-Video - 10 points; and Sound-Audio - 10 points.

An Audio Visual's final competition score is the aggregate of the 3 Judge's scores.

Hence the total points for each AV are out of $(3 \times 40) = 120$ points. Note that where two or more AV's have identical aggregate point scores and are under consideration for an award(s) a countback is undertaken to establish the final hierarchical award order.

Thanks to John Spring for Co-ordinating the remote judging and many thanks to the three Judges for their time and expertise in this complicated Judging process.

The 2020 AIPC competition continues to be a digital competition only.

Provided a majority of States enter the 2020 AIPC competition, the Victorian entries above will be forwarded for judging and selection by the APS appointed judges.

States will be advised of the results and an online catalogue will be available on the Australian Photographic Society website.

APS provides Herbert medallions to the winning image in each section and Merit Certificates are provided by the managing state to the top five entries in each section.

The Alan Moran National Certificate is awarded to the State with the highest score and the Roy Berryman Perpetual trophy is awarded to the best image in the competition.

Our Judges Profiles - EDPI Judges

Emma Gillette BA (Visual Arts), BA Teaching, Dip. Photog. AAPJA

Emma is a professional portrait photographer working predominantly with newborns, families and weddings.

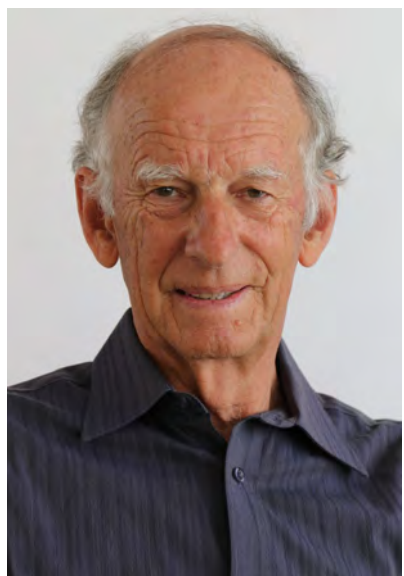

She is an enthusiastic photography educator and judge.

Emma has taught Art and photography to secondary students for the past 10 years across various schools on the Mornington Peninsula.

From 2014-2017, Emma was Director of Training at the Australian Photographic Judges Association and is a level 4 qualified judge with significant judging experience.

She has a BA of Arts (Visual Arts) and BA Education from Deakin University and a Diploma of Photography from Vega College of Photography (Johannesburg).

Emma has exhibited photography and painting works in several solo and group exhibitions over the years.

Leo McGuire - SSVAPS

Leo has been involved with the Victorian Camera Club movement for over 40 years and began as a foundation member of the Broadmeadows Camera Club, (BCC). After its demise Leo transferred across to his present club - the Essendon Camera Club

During his time at BCC, he held various committee positions including President, and was the director of the VAPS-RAS National and the VAPS Inter-Club Competition.

At ECC Leo had participated with the continuing development of the Beginners Course and its presentations.

His Judging activities have taken him to many Victorian Clubs which he thoroughly enjoys, and he has assisted in judging at National Exhibitions.

Leo considers himself blessed to have been influenced and partly moulded by such skilled photographers and judges as Grace Lock, Alex Murray, Peter Hunter, Gary Lewis, John Harris, Mike Spillane, John Carson, Malcolm Vickers and Adrian Smith.

My enjoyment of photography is a continuation of the knowledge gained from these gifted photographers. Who each possessed / possesses unique compassion and insight into the composition and meaning of an image when sensitively delivering their judging comments.

EDPI Judges Continued

Jean-Philippe Weibel LAPJA SSVAPS

Born and raised in the Swiss Alps he started photographing the mountains that he enjoyed climbing.

After migrating to Australia, he joined the Caulfield Photographic Society in 1987 where he continued his interest in many types of photography, but mainly landscape, both in Australia's remote areas and overseas.

He has assisted CPS with its annual Introduction to Photography course for over 25 years, convened judging panels and has been involved as a Committee Member of the Club.

He has been an Australian Photographic Judges Association member since its inception. He is the present Vice-President, and holds a Licentiate accreditation in the APJA.

His judging experience started with being on CPS judging panels in the early 1990's. This led to him judging VAPS, Nationals, and visiting and judging many Clubs throughout Victoria.

He was awarded Life Membership of the Caulfield Photographic Society, in 2010 the VAPS 'Service to Photography' Medal and in 2017 he was awarded the 30 year service award

Reserve Judge, EDPI:

Dave Sumner FAPS

David has been an avid photographer for the vast majority of his life and is currently the Vice-President and Membership Secretary for Waverley Camera Club. He teaches the basics of photography to beginners as well running a monthly mentoring group that assists newer club members to enter competitions. He is also a Fellow of the Australian Photography Society and is currently in the process of attaining Master APS and international honours with FIAP.

He likes many photography genres but having always had an affection for the great outdoors; it was inevitable that his photography would have a bias toward wildlife and landscapes. He has recently combined a 4WD vehicle with my photography to allow him to shoot wildlife and landscapes on location and stay on site for as long as it takes.

Our Audio Visual Judges

Sally Hinton, AV-AAPS, EFIAP, MAPS, PPSA

Sally has been fascinated by wildlife and has been a candid travel photographer for many years.

Growing up in Papua New Guinea where assisting her father in his photographic endeavours commenced a passion for photography that has seen her travel though many countries including Africa, South America, and the Galapagos Islands, Alaska following the Bears and Northern lights.

Starting out with an Nikomat 35mm film camera given to her by her father, Sally captured many images of note in her early photographic adventures, after acquiring new DSLR camera equipment a new era of photography emerged for her with a rekindling of interest and urge to travel further afield to many nations and far distant places including Botswana, Tanzania and the Okavango Delta and Chobe National Park have been just a few highlights of an extensive travel portfolio.

Sally expertise and photographic skills have earned her many awards and distinctions.

Sally is now resident on the NSW North Coast working as a Microbiologist/Phycologist but the call of Africa and faraway places is

Garry Paterson

Joined the Shepparton Camera Club in 1975 and learnt many facets of photography.

During the time at the club I progressed in the manipulation of colour slides (Posterization, Bas Relief) to developing print film and printing.

I was introduced to VAPS and upon attending was fascinated with the audio visuals presented which in those days involved colour slides.

Long lens were attached to Kodak projectors with a Rossall system controlling the fading and changing of slides from one to the other.

Due to cost our club like many others could not afford the purchase. The club as an exercise did however attempt making an AV using a single projector.

This did give me the bug and I retained the interest.

I moved to Bendigo in 1987 with my work.

Joined the Bendigo Club in 1989, and not long after this the club was able to purchase a complete AV system.

With this gear the club began to make AV's. Then digital came along and changed everything. The AV could now be made on the PC or Mac.

I have been involved with music, playing in bands over the years.

With the advent of the digital keyboard, this has enabled me to compose music for my AV's.

With an AV it gives you freedom to express and create artistic qualities into a theme or story with your personal slant on your project.

Deborah Mullins

AdvDipPhotography

Deborah is a multi awarded photographic artist from the Macedon Ranges Victoria, Australia. With her studio, situated in 4 acres of stunning gardens, just out from the picturesque town of Woodend and close to Hanging Rock, there is an endless source of inspiration to create her art.

Deborah completed her photographic qualification at the celebrated Photographic Studies College. She was awarded the Victorian Student Photographer of the Year in only her second year of the four-year course.

Since then she has received many awards at the AIPP Victorian and National competitions, other International competitions and in numerous art shows.

Her works has been displayed in many exhibitions in Melbourne and rural Victoria and for many years has been involved in two art galleries in the Macedon Ranges.

Deborah was a member of the Camberwell Camera Club while resident in Melbourne where she was instrumental in the early development of their very successful Digital Photography Course: Beyond the Point and Shoot.

Since her move to the Macedon Ranges she joined the Macedon Ranges Photographic Society and has delivered numerous tutorials, workshops and courses in addition to being the President of the club for many years.

Deborah has judged extensively throughout Victoria in the camera club environment and at many regional art shows.

One of Deborah's loves is to gather together her photographic media to create a cohesive, themed body of work to showcase in her solo or group exhibitions, or to be utilized in her many audiovisual creations and in the production of her many photobooks.

Specialising in art photography and mixed media, Deborah continues to experiment allowing her work to constantly evolve. She uses the photographic medium alone but also in combination with acrylic painting and encaustic. Many of her artworks involve complex post processing combining many different images to create a new vision and story.

There are always new avenues to explore!

THANK YOU CAMERA CLUBS

Many clubs have been forced to close down meetings and operations due to the Corvic - 19 restrictions, in 2020 48 clubs entered a total of 720 digital images and 26 Audio Visual entries

All entries were judged remotely to the standards of any VAPS Interclub and we thank the judges and administration for their commitment to bringing together an Interclub even under these trying times in 2020

We thank all of the Organisers, Judges, support members and Wangaratta Camera Club who have worked together to ensure the tradition of an Interclub for Victorian Camera Clubs continues

2020+1

Will be a bigger and special Interclub
When we do go to Wangaratta
and enjoy the hospitality of the
Wangaratta Camera Club,
our club members and our special
presenters

See you in 2021
